

Our ABCs

CODING

BE

ALWAYS

by the Sourcegraph Team

For Ages 0000 to 1000+

sourcegraph

For all children at home that
wonder what their techie
parents do all day, night, and
some weekends, too.

© Copyright 2020 Sourcegraph

A

is for
App

a program you use

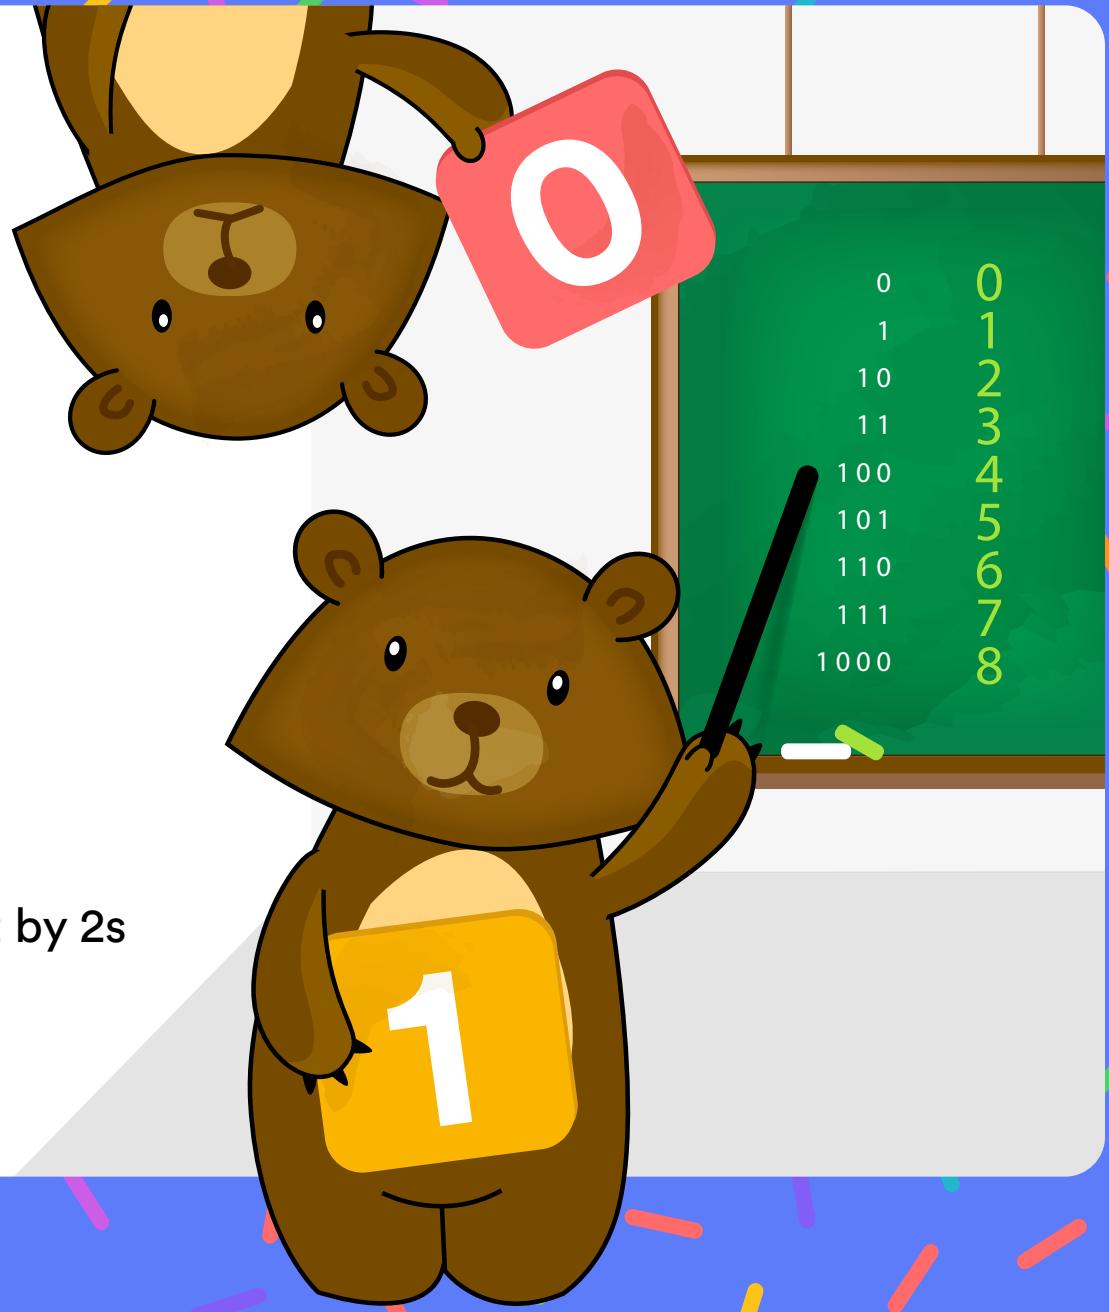

B

is for

Binary

how to count by 2s

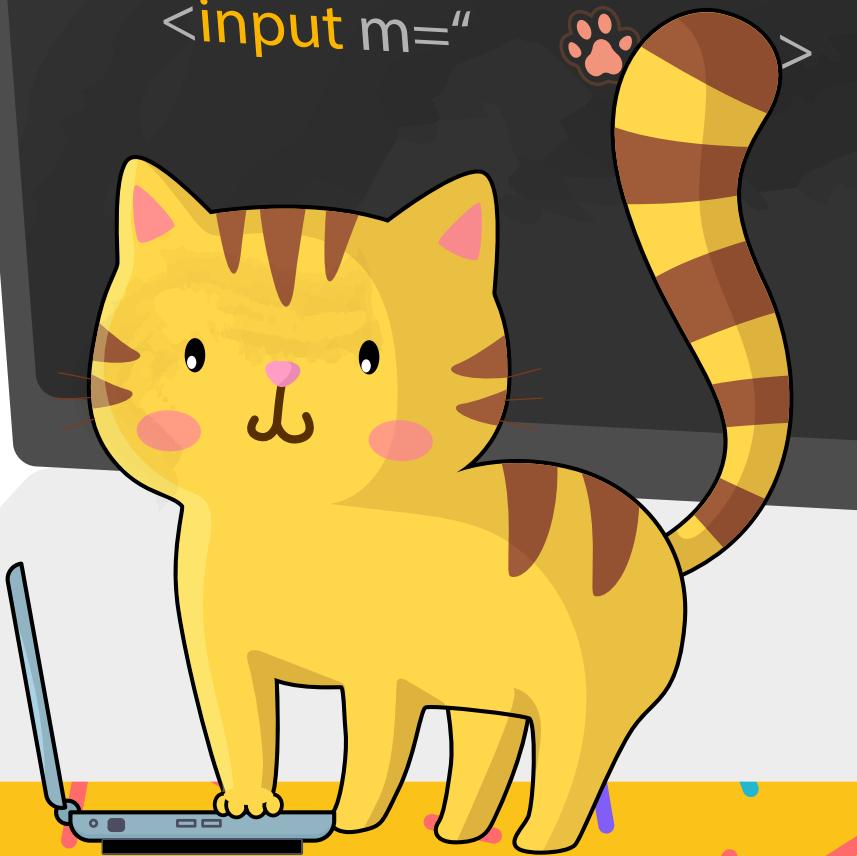

0	1
10	11
100	101
110	111
1000	1001
1010	1011
1100	1101
1110	1111
10000	10001

C

is for
Code

any programming
language will do

```
<div id="purrrfect">  
  <p>  </p>  
  <input m="<img alt="A large yellow cat icon" data-bbox="435 400 825 900"/>">
```

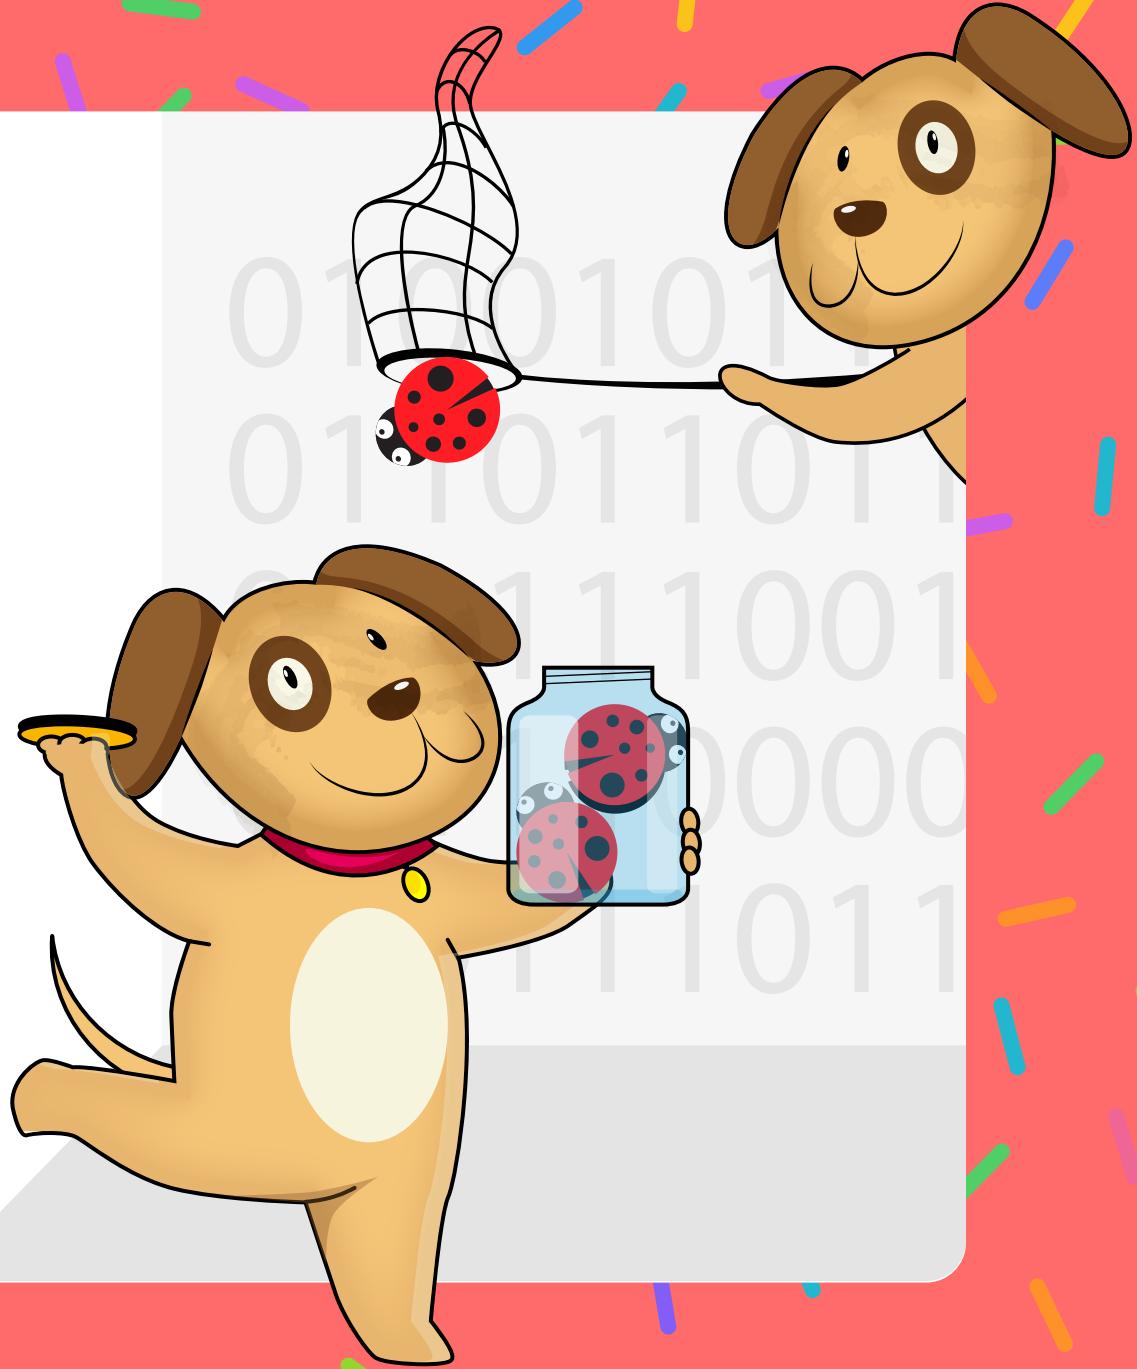

D

is for

Debug

to find an issue
or two

E

is for

Editor

here you write
your tech stuff

F

is for
File

save it when you've
written enough

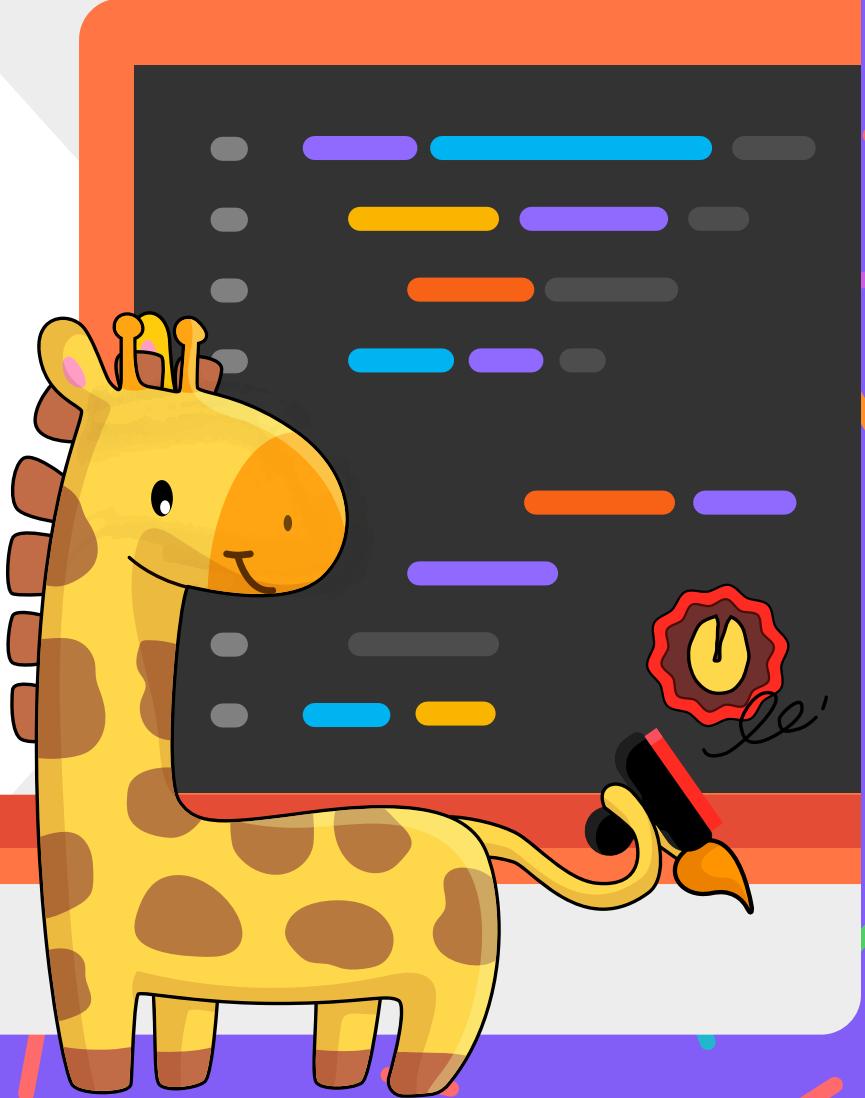

G

is for

Git commit

now your future
is bright

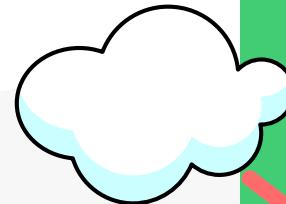

H

is for

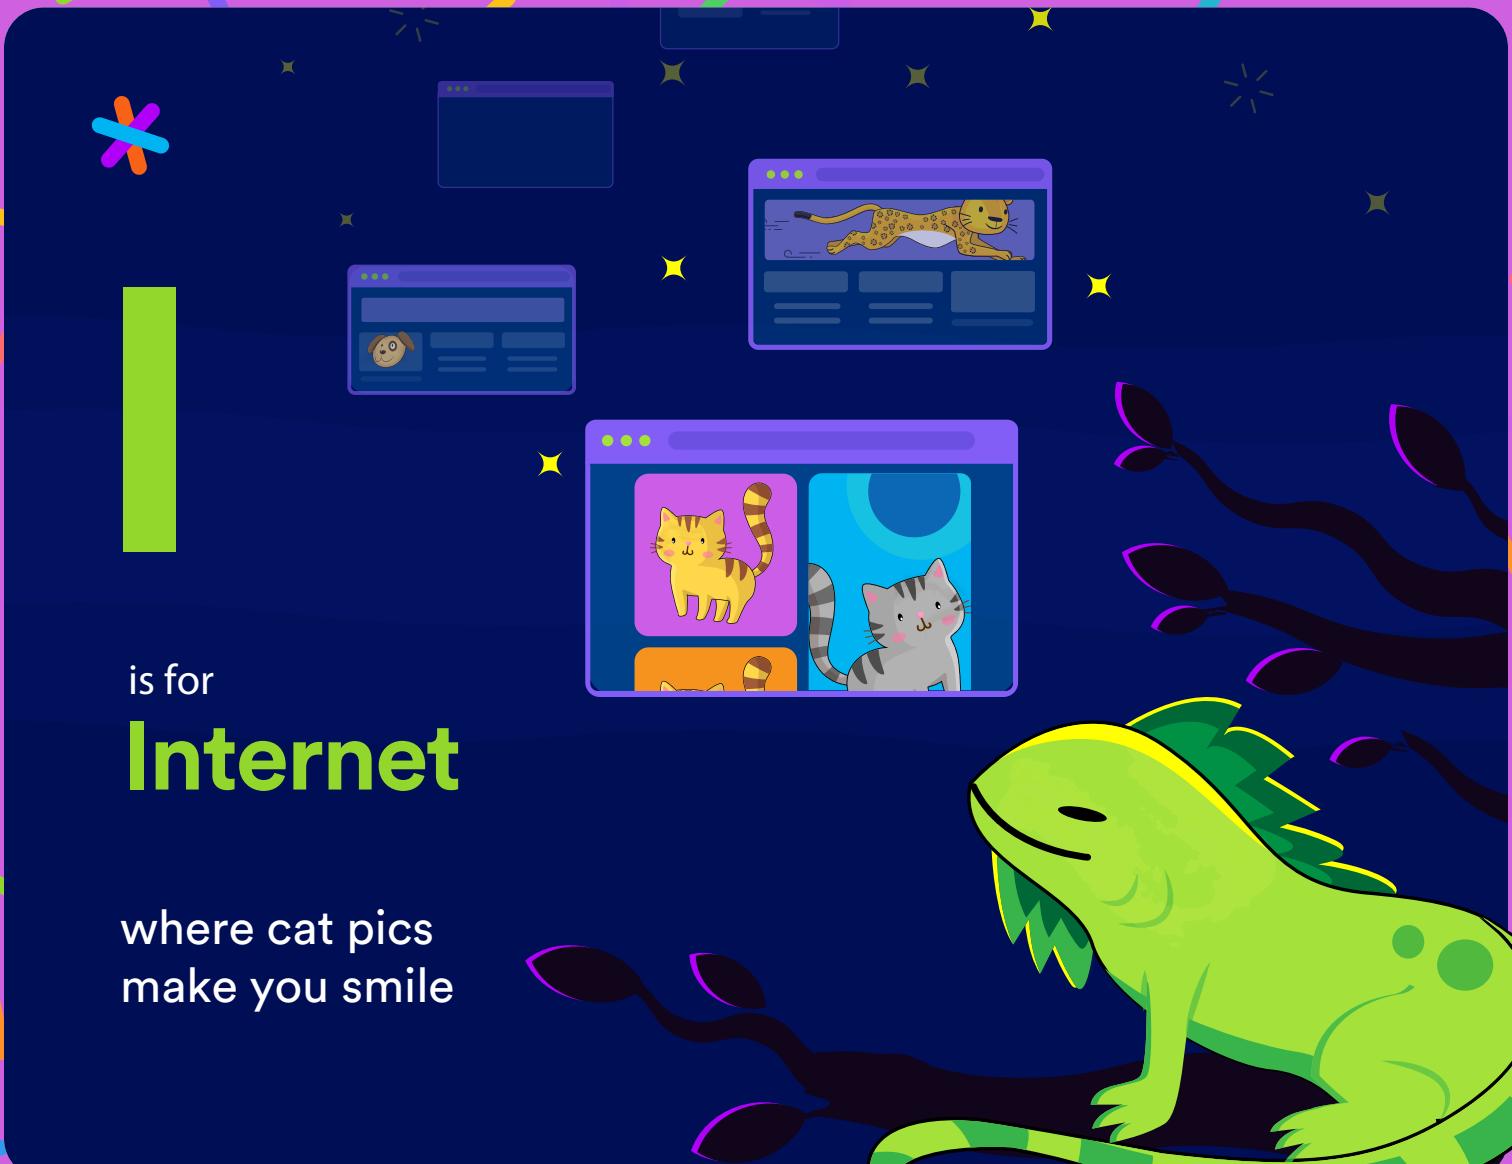

Hello, World

your first code
to write

is for
Internet

where cat pics
make you smile

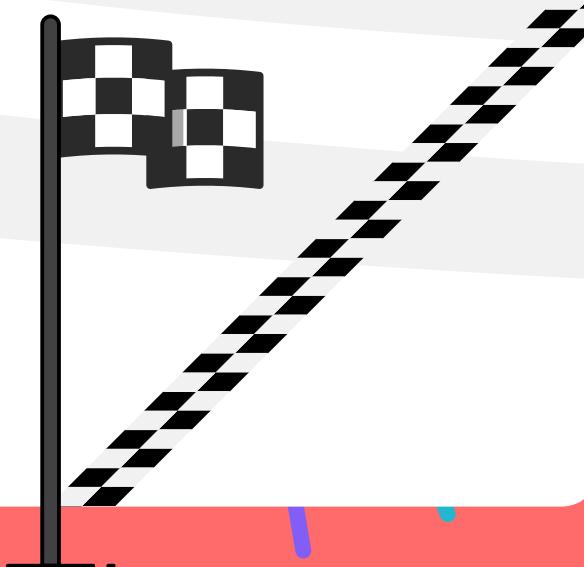

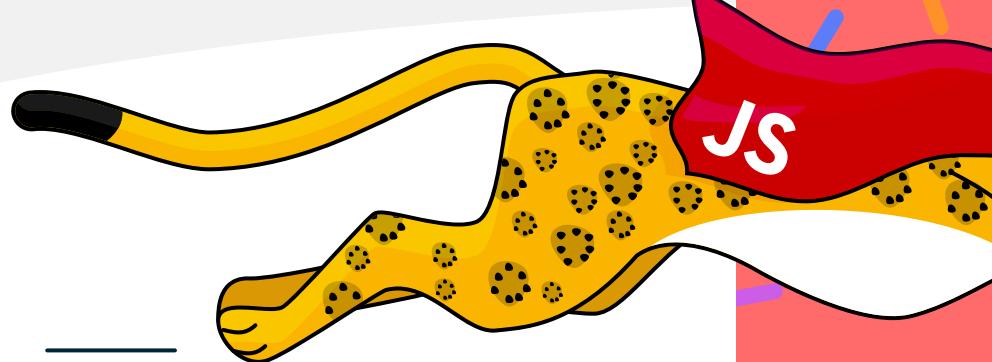

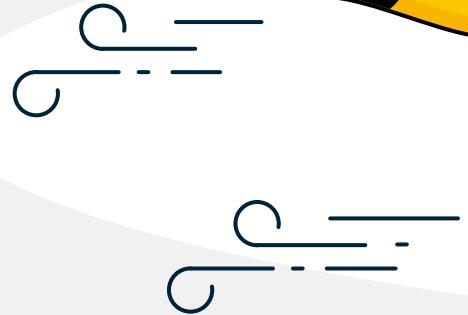

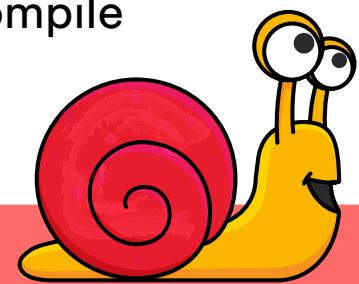

J

is for

JavaScript

a language that you
need not compile

K

is for

Kubernetes

makes deploying apps
less of a chore

L

is for

Logging

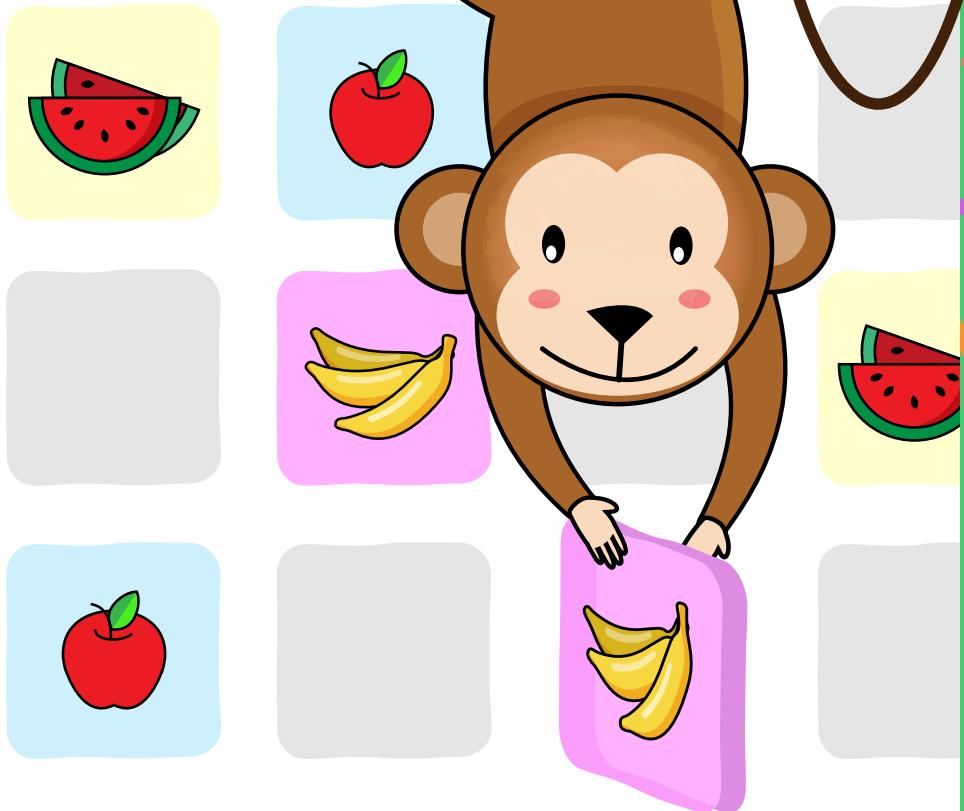

tracking events,
errors and more

M

is for
Memory

so computers
don't forget

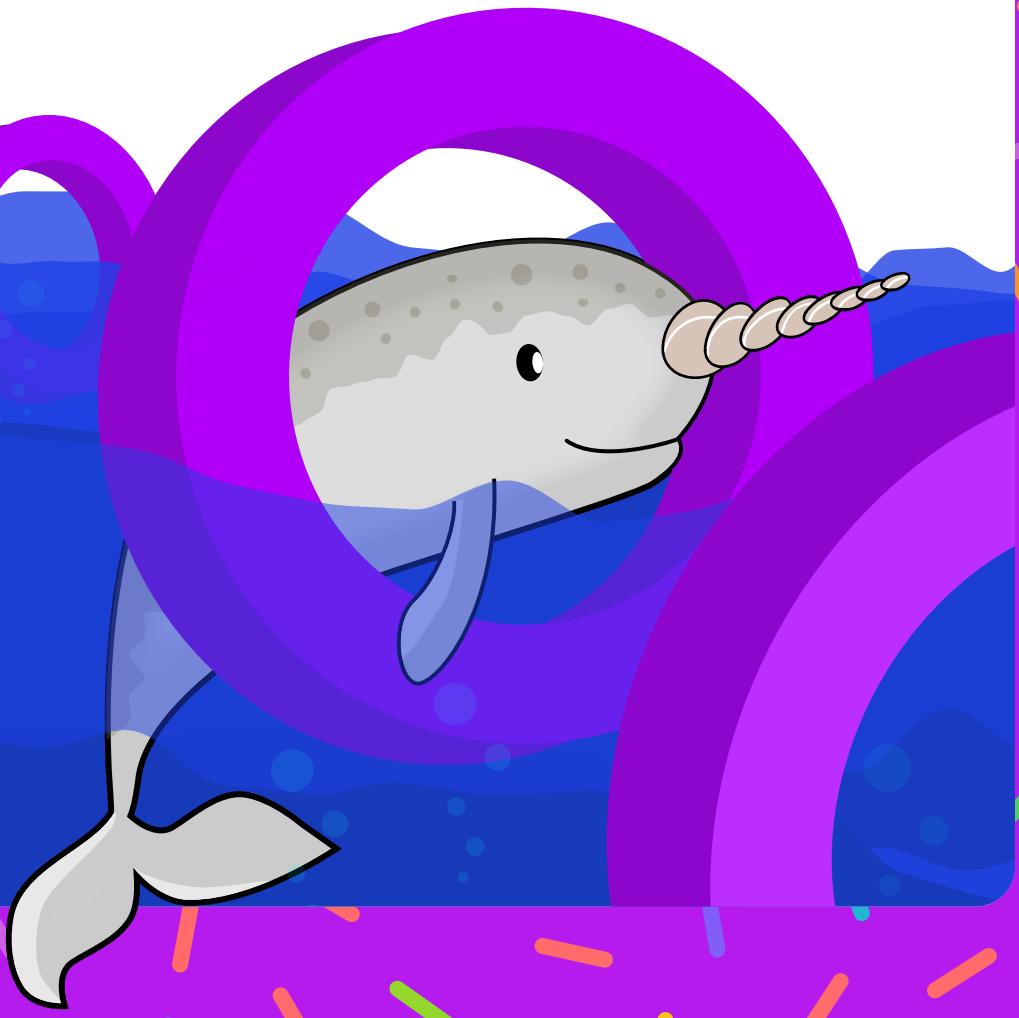

N

is for
Null

for values not
known yet

O

is for

Open Source

for everyone
to share

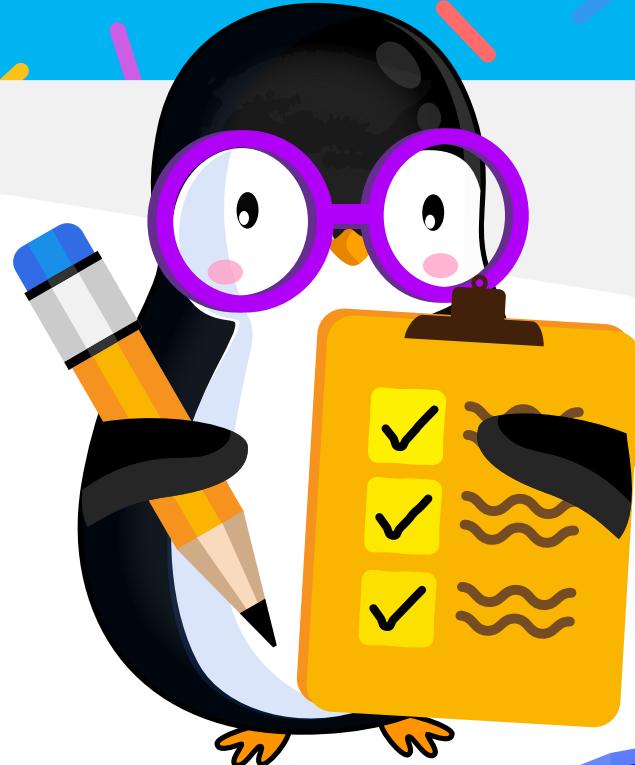

P

is for

Protocol

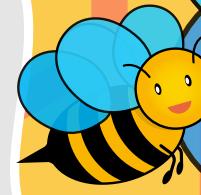

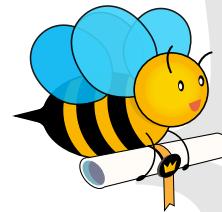

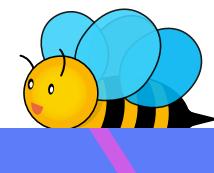

so everyone
plays fair

Q

is for
Query

like “What is
the version?”

R

is for

Recursion

is for recursion, is for
recursion

S

is for

sourcegraph

when otherwise
you're lost

T

is for

Tests

to decrease
your cost

U

is for
URL

each page
has its own

*

V

is for
Vim

where code
can be shown

import {

"errors"

"net/http"

"path"

"regexp"

26

27

}

28

29

var {

30

31

32

33

34

errNotFound

W

is for

Work

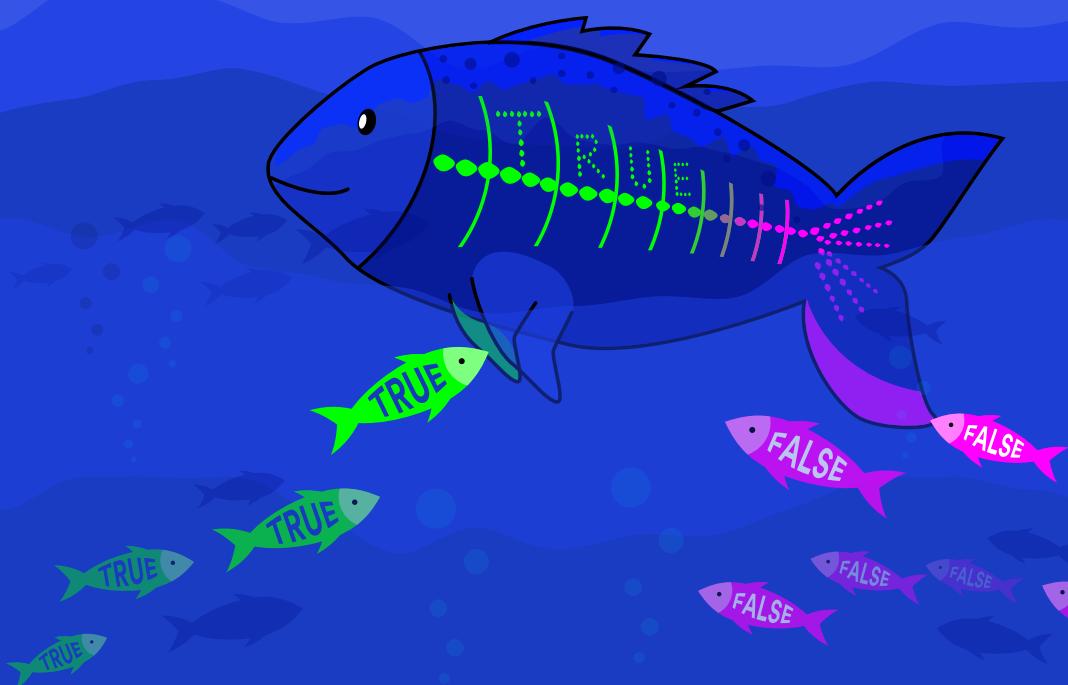

something grown-ups
have to do

X

is for
Xor

exactly 1
must be true

Y

is for
Y2K

which didn't
end in doom

Z

is for
Zoom

all your friends
in one room
